Gaurav Agrawal, Proprietor

We are a Firm of Chartered Accountants based in the capital city of Jharkhand, serving the society since 2012 and specialize in Accounting, Taxation and Compliance matters. I am the proprietor of the firm and I hold ACA degree right since 2012. We have been associated with many corporate concerns, partnership firms and individual clients in Ranchi and its nearby cities and have served them well.

Small and medium businesses make a great volume in the country's GDP and our maximum clients belong to this category. So Start Manage Expand sounded like a good opportunity to meet, network and collaborate with the right kind of people. The seminar clearly aimed at making the delegates more aware of the current trends in the market and give people a platform to coordinate with each other. I found it relevant because such events accelerate an individual's as well as company's growth. So yes, it was a good experience and I wish you can keep up the same essence in your future meets.
